Individual

Husband & Wife

Cost

\$435.60

\$544.50

Total Amount Due: _____

Total Amount Due if paid by December 20th: _____

1. This plan provides cart and range privileges for the member only. If a member rides by themselves or with another annual cart member, no charge is incurred. If a member rides by themselves and a non-member rides along, the full cart charged is incurred by the non-member. There is a full cart charge for any non-golfing rider.
2. Reservations for carts is prohibited. Carts are given on a first come first serve basis according to the order of tee times off the number one tee. However, we may reserve any, or all the cart fleet for tournaments. This is necessary to ensure people playing in tournaments have carts. When carts are reserved for a tournament, there will not be any carts available unless we are not using all of them.
3. A driving range membership entitles a person to range balls throughout the year. **Sharing of range balls and or tokens is strictly prohibited.** We ask that you do not leave any practice balls on the range when you are finished practicing, please bring them back to the golf shop. Annual range members are limited to four tokens at a time.
